Personalisation & Engraving

Personalising one of our beautiful chopping boards makes a perfect gift great for:
Wedding - Anniversary - Birthday - Special Occasion - New Home - Mother/Father's Day

We offer a full range of custom designs for every occasion which can be engraved onto any side of the chopping boards as well as on the top surface if required.

We can engrave both made to order and in stock chopping boards except the Japanese style board sides due to the tapered edges.

Our process is simple and we do all design work for you.

All you have to do is purchase the engraving option along with your chopping board via our website and let us know the following details:

1. What you would like to have engraved.

2. Location of the engraving.

If you have any specific requirements please let us know.

Upon ordering, we will be in touch with a selection of designs for you to choose from.

Finally, once a design is agreed on we will then engrave your board.

Our engravings are made by a dedicated computer controlled laser meaning we can engrave very fine text and images with great clarity onto our chopping boards.

Advanced: Choosing a font and layout options

We have **more advanced options** when it comes to choosing a font and layout for your engraving. If you have a particular idea for design then these options may be helpful.

1. Choose a font and/or layout when ordering

Download this PDF file of our most popular fonts and layouts then choose a design that you like. Let us know and we will email you back with a design before engraving.

2. Find your own font.

Alternately you could use these websites to choose a font, just type in your custom text to see the results: Wordmark or Dafont Let us know which font you would like when you place your order.

3. Supply your own font.

If you have a typeface you would like to use just send it to us via email.

4. You all the way!

You are welcome to design your own engraving and supply it to us as a digital file.

With the above options you will get a chance to confirm how it looks when we email you containing the different layout options. If you would like to try more than one font just let us know. We can engrave small images and emojis.

Pre-set design options

Here are some pre-set designs to choose from, when choosing a pre-set we will send you a final design confirmation before engraving.

Pre-set One - Baskerville Font - Centred Text - 3/4 Height
Works well with all text.

Choose your layout options

Below are a selection of our most popular layout options.

Choose where to position your engraving.

You can also choose to have your engraving closer to the top or bottom of the board.

If your text has multiple elements such as a name and date that you want separate you can choose to have them in as many columns as needed.

Above and below options are also available.

Finally choose your font height.

All of the above options can be mix and matched.

Typeface/Font: Georgia
Layout: Centred
Wood: Oak

Typeface/Font: Corthina
Layout: Centred
Wood: Maple

Typeface/Font: Racing Catalogue
Layout: Right
Wood: Oak

Typeface/Font: Baskerville
Layout: Left
Wood: Brown Oak
